darTZeel instruments

Instrument	Explanations	€ MSRP (TVA incl.)
LHC-208 MkII	Integrated danalogue amplifier	26'187.86
CTH-8550 MkII version 0	2 x Zeel, 4 x RCA, 1 x XLR, no phono	40'448.57
CTH-8550 MkII version 1	2 x Zeel, 4 x RCA, 1 x XLR, 1 x MM	41'569.98
CTH-8550 MkII version 2	2 x Zeel, 4 x RCA, 1 x XLR, 1 x MC	42'360.80
CTH-8550 MkII version 3	2 x Zeel, 4 x RCA, 1 x XLR, MM+MC	43'430.36
Optional MM for CTH-8550 MkII	After Sale Software Enable	1'309.39
Optional MC for CTH-8550 MkII	After Sale Software Enable	1'977.05
NHB-108 model <i>two</i>	Reference stereo amplifier	61'904.46
NHB-18NS version 141	1 MC, 4 BNC/RCA, 1 XLR	61'904.46
NHB-18NS version 231	2 MC, 3 BNC/RCA, 1 XLR	74'311.29
NHB-18NS version 132	1 MC, 3 BNC/RCA, 2 XLR	66'584.57
NHB-18NS version 033	No phono, 3 BNC/RCA, 3 XLR	69'812.68
NHB-18NS version 042	No phono, 4 BNC/RCA, 2 XLR	65'145.54
NHB-18NS version 051	No phono, 5 BNC/RCA, 1 XLR	60'445.98
NHB-468 (pair)	Reference monoblock amplifiers	256'044.64

This price list is immediately effective and is subjected to change without prior notice.

darT to Zeel 50-ohm links original (3mm), per pair

Length	Explanations	€ MSRP (TVA incl.)
darT to Zeel 0.6m	50 ohms impedance matched link	945.10
darT to Zeel 1.0m	50 ohms impedance matched link	1'212.16
darT to Zeel 1.5m	50 ohms impedance matched link	1'545.99
darT to Zeel 3.0m	50 ohms impedance matched link	2'547.48
darT to Zeel 5.0m	50 ohms impedance matched link	3'882.80
darT to Zeel 10.0m	50 ohms impedance matched link	7'221.11
BNC "T" connector	Split for vertical biamplification	110.20

darT to Zeel custom length	PLEASE ASK YOUR DEALER
----------------------------	------------------------

These links are perfect in case of limited space, when you want to run them under a carpet, or simply when you need some discretion.
A must for two decades, only surpassed by our bigger models.

This price list is immediately effective and is subjected to change without prior notice.

MSRP in Euro - May 20, 2024

darT to Zeel 50-ohm links enhanced (6 mm), per pair

Length	Explanations	€ MSRP (TVA incl.)
darT to Zeel 0.6m	50 ohms impedance matched link	1'273.09
darT to Zeel 1.0m	50 ohms impedance matched link	1'711.29
darT to Zeel 1.5m	50 ohms impedance matched link	2'259.03
darT to Zeel 3.0m	50 ohms impedance matched link	3'902.25
darT to Zeel 5.0m	50 ohms impedance matched link	6'093.21
darT to Zeel 10.0m	50 ohms impedance matched link	11'570.63
BNC "T" connector	Split for vertical biamplification	110.20

darT to Zeel custom length	PLEASE ASK YOUR DEALER
----------------------------	------------------------

These new developed, 6 mm thick darT to Zeel links, offer enhanced propagation time integrity throughout the audio spectrum range, for an improved sound landscape and precision.

This price list is immediately effective and is subjected to change without prior notice.

MSRP in Euro - May 20, 2024

darT to Zeel 50-ohm links ultimate (10 mm), per pair

Length	Explanations	€ MSRP (TVA incl.)
darT to Zeel 0.6m	50 ohms impedance matched link	1'659.43
darT to Zeel 1.0m	50 ohms impedance matched link	2'268.75
darT to Zeel 1.5m	50 ohms impedance matched link	3'030.40
darT to Zeel 3.0m	50 ohms impedance matched link	5'315.36
darT to Zeel 5.0m	50 ohms impedance matched link	8'361.96
darT to Zeel 10.0m	50 ohms impedance matched link	15'978.48
BNC "T" connector	Split for vertical biamplification	110.20

darT to Zeel custom length	PLEASE ASK YOUR DEALER
----------------------------	------------------------

The ultimate, 10 mm thick darT to Zeel links, bring outstanding coherence from bottom to top, with an unprecedented level of emotion. The real and unique *Never Heard Before* eXperience at its best.

This price list is immediately effective and is subjected to change without prior notice.

darTZeel cartridges

Instrument	Explanations	€ MSRP (TVA incl.)
NDB-01D	Square shank diamond cantilever with pure, high precision hand polished natural nude diamond. Hand-wound silver coated pure copper coils in a continuous winding way of doing. Coils armature made on acid etched titanium support. Light weight moving assembly for unprecedented reproducing details.	
Frequency response 10Hz-110kHz		
Output level 0.25 mV		22'039.29
Tracking > 90 µm		
Tracking force 2.2 grams		
Channels separation > 33 dB		
Output impedance 4 ohms		
NDB-02R	Controlled grewed Ruby cantilever with pure, high precision hand polished natural nude diamond. Hand-wound silver coated pure copper coils in a continuous winding way of doing. Coils armature made on acid etched titanium support. Light weight moving assembly for unprecedented reproducing details.	
Frequency response 10Hz-100kHz		
Output level 0.25 mV		16'205.36
Tracking > 90 µm		
Tracking force 2.2 grams		
Channels separation > 32 dB		
Output impedance 6 ohms		

This price list is immediately effective and is subjected to change without prior notice.

darTZeel Dynamic Shifters

Type	Explanations	€ MSRP (TVA incl.)
dDS-3	3 dB attenuation and shifting	9'567.64
dDS-6	6 dB attenuation and shifting	10'157.52
dDS-9	9 dB attenuation and shifting	9'723.21
dDS-12	12 dB attenuation and shifting	10'857.59
Especially designed for connecting the NHB-18NS to our NHB-108 model two or NHB-468 power amplifiers.		

darTZeel Dynamic Shifters. Ideal for reducing residual hiss noise when using high efficiency speakers.	How to choose the right one: Look at which is your maximum Pleasure Control setting. Report to your dealer and we will figure it for you. Better to choose after a few weeks of listening to music.
